## Invitation

Dear colleagues,

We are pleased to invite you to join our upcoming Trilateral German-Polish-Czech meeting and Young Investigator Forum on October 21<sup>st</sup> and 22<sup>nd</sup> in Dresden.

This meeting has become a platform for clinical and scientific interaction between our countries and stimulates the exchange of our knowledge.

The meeting will be held in association with the Federation of Saxonian Nephrologists, the Czech Society of Nephrology and the Lower Silesian Division of the Polish Society of Nephrology.

We hope that we composed an interesting programme focusing on the important formation of future collaborations and the interest and recruitment of young scientist.

Participants are cordially invited to submit abstracts of their recent scientific work by September 15<sup>th</sup> (by e-mail to: [anne.kaul@uniklinikum-dresden.de](mailto:anne.kaul@uniklinikum-dresden.de)) and present their data in oral form or just participate without any abstract.

We are looking forward to seeing you soon in Dresden.

Prof. Dr. Christian Hugo

Prof. Dr. Bernd Hohenstein

Division of Nephrology  
Medical Clinic III  
University Hospital Carl Gustav Carus  
Dresden, Germany

## Program

### Friday, October 21<sup>st</sup>

12:00-12:30 Arrival/ Lunch

#### Meeting room 1:

##### *“Factoring new collaborations”*

12:30-14:30 Introduction and Impulse Talks

14:30-14:50 BREAK

14:50-16:50 Face-to-Face Idea Plotting

16:50-17:10 BREAK

17:10-19:00 Review and group discussion

#### Meeting room 2:

##### *“Implementing scientific interest”*

12:30-13:30 Pitfalls in Biometry  
K. Schubert, IMB, TUD

13:30-14:30 Nephrogenetics  
M. Nagel, Weißwasser

14:30-14:50 BREAK

14:50-16:50 How to read a paper  
*In depth analysis and discussion of one clinical paper and one basic science paper, both provided beforehand to participants*  
P. Gross & V. Todorov, Dresden

16:50-17:10 BREAK

## Program

17:10-19:00

**Chairs:**

**Up to Date Approaches and Methods**  
**P. Boor, Aachen, O. Viklicky, Prague**  
*Clinical problem solving: Desensitization in kidney transplantation*  
O. Viklicky, Prague  
*Diagnostics on a single cell level*  
M. Al-Mekhlafi & A. Dahl, Dresden  
*Translation of histopathology into imaging – back and forth*  
P. Boor, Aachen

19:30

**Dinner**

### Saturday, October 22<sup>nd</sup>

08:30-09:15

**Nephropathology-Quiz**  
K. Amann, Erlangen

09:15-10:45

**Science bridging technology, industry and biology**  
**T. Lindner, Leipzig, V. Tesar, Prague**  
*“Scientific perspectives driven by modern informatics”*  
W. Esswein, TUD  
*“Man and his organs on chips”*  
F. Sonntag, Fraunhofer IWS  
*“ERA-EDTA as mainspring of science”*  
A. Wiecek, Katowice

**Chairs:**

10:45-11:00

**BREAK**

11:00-12:30

**Chairs:**

**Young investigator forum, Part A**  
**P. Mertens, Magdeburg; M. Klinger, Wroclaw**  
Free communications (each 8+3 min)

12:30-13:00

**POSTER Break**

13:00-14:30

**Chairs:**

**Young investigator forum, Part B**  
**M. Girndt, Halle/S; C. Hugo, Dresden**  
Free communications (each 8+3 min)

14:30

**LUNCH and Farewell**
