Smell and Taste 12

a practical introduction to the physiology and pathophysiology of the chemical senses – in

Collaboration with  [the Japanese Rhinologic Society](#)  The Japanese Rhinologic Society

Sponsored by the European Chemoreception Research Organisation,  [ECRO](#)

Where: Lecture hall ("Hörsaal") in house number 19, Fetscherstrasse 74, 01307 Dresden, Germany

Start: Friday, 2nd of October, 2020, 9:00 h

End: Saturday, 3rd of October, 2020, 15:00 h

Registration deadline: 10th of September 2020

Contact: Thomas Hummel, M.D., [✉ thummel@msx.tu-dresden.de](mailto:thummel@msx.tu-dresden.de)

Specific remarks concerning hygiene

Hygiene concept - rules of conduct

- > no shake hands
- > no hugs
- > observe "coughing and sneezing etikette"
- > wash your hands regularly
- > keep a distance of 1.5 m to other participants or, in case where this is not possible, wear mouth and nose protection

Prerequisites for participation are

- > Participants have no symptoms of COVID-19 and did not have any unprotected contact with a person infected with SARS-CoV-2 in the past 14 days
- > Participants provide a written confirmation for both conditions on each day of the event
- > Upon registration to the conference, all participants provide address and mobile phone number

(contact details of the participants will be treated confidentially, and will be deleted one month after the end of the event in accordance with data protection regulations).

Mouth-nose protection

Participants are obliged to bring their own MN protection and to wear it if the minimum distance to other people of 1.5m cannot be adhered to safely (e.g. in the context of specific training), without adequate MN protection participation will not be possible. MN protection will also be provided by the organizers of the conference.

Aims

This course is an attempt to teach Smell and Taste in a most practical and interesting way, meaning that the meeting is not only defined by lectures, but through **practical courses and demonstrations**. In addition, the meeting is meant to provide a platform for the **informal**

discussion of questions related to clinical issues around smell and taste - to this end we will hold plenary sessions where, for example, cases will be presented. Last, no least, the meeting is meant to build or to strengthen **networks** among the small community of clinicians interested in smell and taste.

Location

Lecture Hall ("Hörsaal") at the DINZ, Fetscherstrasse 74, D-01307 Dresden

[Location through Google Maps](#): Coordinates 51.058192, 13.781396

It will be organised through the [Smell & Taste Clinic](#) of the [Department of Otorhinolaryngology](#) of the University of Dresden Medical School, Fetscherstrasse 74, 01307 Dresden, Germany, phone +49-351-458-4189.

[Specific site map of the clinic](#)

How to get to the conference site?

Lecture Hall ("Hörsaal") at the DINZ, Fetscherstrasse 74, D-01307 Dresden

[Location through Google Maps](#): Coordinates 51.058192, 13.781396

from the Airport:

From the Airport, please take the train S2 (every 30 min) to the train station Bahnhof-Neustadt. Then take the tram no. 6, direction Niedersedlitz, to the station Blasewitzer Strasse / Fetscherstrasse. Cross the street and walk along the Blasewitzer Strasse until the next intersection with Augsburger Strasse (about 200 m) which brings you to the gate of the clinic area. Please continue to walk for another 400 m or so, then the DINZ (house #19) is on the right.

by train

From the **main train station Hauptbahnhof** please take the tram no. 10 from Hauptbahnhof Nord, direction Striessen, to the station Fetscherplatz. Then take the tram no. 12, direction Striessen, to the station Augsburger Strasse/Universitätsklinik. Cross the street and walk along the street Augsburger Strasse till you come after 50 m to the gate of the clinic area. Please continue to walk for another 400 m or so, then the DINZ (house #19) is on the right.

From the **train station Bahnhof Neustadt** take the tram no. 6, direction Niedersedlitz, to the station Blasewitzer Strasse / Fetscherstrasse. Cross the street and walk along the Blasewitzer Strasse until the next intersection with Augsburger Strasse (about 200 m), take a left on Augsburger Strasse till you come after 50 m to the gate of the clinic area. Please continue to walk for another 400 m or so, then the DINZ (house #19) is on the right.

The Dinner

The dinner will start at 7:30 p.m. at the Kanonenhof, Brühlscher Garten 4, 01067 Dresden, some more information [here](#)

For Location: [click here](#)

The Excursion

On Saturday morning there will be an opportunity for 7 early birds to drive to the [Saxonian Switzerland](#) (the Bastei) which offers a spectacular view over this national reserve. The bus leaves at **5:30 a.m.** in front of the lecture hall (house #19) and will be back at 8:30 a.m. Ayaho Yoshino will accompany the group. There will be fruits and some sweets plus water on the bus for a makeshift breakfast. Please let Thomas Hummel know whether you will join or not.

The excursion is free! Costs for that are included in the conference fee.

Fee

Fee for participation is 240 Euro. For participants with an industrial background the participation fee is 500 Euro. Fees must be paid on registration with money transfer or through credit card. The refund for no show is limited to 50%.

Continued Medical Education: The course will earn you 20 points or more, Category C.

Conference fees can be paid either by credit card or by money transfer. To pay by credit card please email the following information to [✉ Thomas Hummel](mailto:Thomas.Hummel)

Credit Card payment:

Last name, first name (as written on card)

Card Type (VISA or MASTERCARD)

Credit card number

Deadline

Deadline for registration is the 10th of September 2020. Please send an informal application to ✉ [Thomas Hummel](#). Please let us know whether you would like to participate in the conference dinner. The maximum number of participants is 24; in case of more than 48 applications the date of application will decide about participation.

Speakers and Topics

Croy, Ilona (Dresden) - The social dimension of olfactory loss
Damm, Michael (Cologne) - Olfactory function in sinunasal disease
Faria, Vanda(Dresden) - Imaging of olfactory function in olfactory loss
Haehner, Antje (Dresden) - Neurodegenerative olfactory loss
Hummel, Thomas (Dresden) - General aspects, olfactory testing
Konstantinidis, Jordan (Thessaloniki) - Posttraumatic olfactory loss
Landis, Basile (Geneve) - Taste dysfunction
Philpott, Carl (Norwich) – Postviral olfactory loss
Rombaux, Philippe (Brussels) – Congenital anosmia, imaging of the olfactory bulb/sulcus
Schriever, Valentin (Dresden) – acquired olfactory loss in children
Whitcroft, Katie (London) – epidemiology of olfactory loss, spontaneous recovery
Witt, Martin (Rostock) - Anatomy of the human olfactory system
Welge-Lüssen, Antje (Basel) - Idiopathic olfactory loss / surgical therapy

Timetable

Practical courses

During the practical courses we will focus on the following:

- > olfactory testing
- > taste testing
- > chemosensory event-related potentials
- > recording of electro-olfactograms
- > electrogustometry
- > retronasal olfactory testing
- > investigations of trigeminal sensitivity
- > nasal endoscopy and intranasal volumetry

- > anatomy of the "olfactory brain"
- > histology of the olfactory epithelium
- > MRI-based volumetry of the olfactory bulb
- > biopsies from the olfactory epithelium
